

BUILDERS EDGE – 7/30/07

Florida Custom Marble (FCM) is Northeast Florida's choice for quality custom products and installation. Since 1973, we have been instrumental in providing homebuilders, contractors and remodelers with the highest quality cultured marble vanity tops, bathtubs and showers for residential and commercial projects. Over the years, our name has become synonymous with quality cultured marble and solid surface products. Application of our products is virtually unlimited, from custom kitchens and vanities, tubs and sinks to outdoor kitchens, conference tables and fireplace surrounds.

In keeping with the changing tastes of today's discriminating consumer, we now offer a wider range and variety of stone products. Dupont™'s quartz product Zodiaq®, as well as nature's own granite, marble, onyx, travertine and soapstone are among the beautiful, high performance and luxurious products available to our customers. In conjunction with our expanding product line, we recently opened our own stone fabrication shop. Our high precision equipment far exceeds the accuracy of hand cut granite, resulting in a superior product and a faster turnaround time for our clientele.

We firmly believe the value of a product is consistent with quality. Testament to this is the company's recent certification through the National Association of Home Builders (NAHB) Research Center's National Housing Quality Certified Trade Contractor Program. We are the first countertop company in Florida, and the only trade contractor in Northeast Florida, to be certified by this prestigious program. Our experienced technicians are committed to providing "first class" products, warranty and service related work, regardless of the size of the job.

It is our goal to provide our clients with a variety of products that will fit any décor and budget. Please visit our website at www.floridacustommarble.com to get a feel for the products we offer and then take a trip to our showroom to experience first hand the beauty and quality of the finest in countertop materials available today. Showroom hours are 9am to 5pm Monday through Friday. Or call us today on 904-737-4513 to make a private appointment with one of our experienced designers.

Florida Custom Marble is a proud member of the Jacksonville's Lean Consortium, Northeast Florida Builders Association (NEFBA), the Remodelers Council, the International Cast Polymer Association (ICPA), the First Coast Manufacturers Association (FCMA), International Solid Surface Fabricators Association (ISSFA) and the Marble Institute of America (MIA).
